ENVIRONMENTAL ASSESSMENT CHECKLIST

PART I. PURPOSE OF AND NEED FOR ACTION

1. Project Title: Roundup Sportsmen's Association

2. Type of Proposed Action:

The Roundup Sportsmen's Association (RSA) proposes to improve the handicap- accessibility and comfort of the RSA shooting range by installing two wheelchair accessible, vault latrines, one at the pistol range and one at the Rifle Range (see Figure 1).

3. Location Affected by Proposed Action:

The Roundup Sportsmen's Association Range is located approximately two miles northwest of Roundup, Montana, at 83 Golf Course Road; Lat. 46.455852, Long. -108.564025; Section 11, Township 8 North, Range 25 East.

Figure 1 – Aerial view of RSA Shooting Range, Roundup, Montana

4. Agency Authority for the Proposed Action: MCA 87-1-276 through 87-1-279 (Legislative established policies and procedures for the establishment and improvement of shooting ranges) and MCA 87-2-105 (Departmental authority to expend funds to provide training in the safe handling and use of firearms and safe

hunting practices). The Montana Legislature has authorized funding for the establishment of a Shooting Range Development Program providing financial assistance for the development of shooting ranges. Montana Fish, Wildlife & Parks (FWP) has responsibility for the administration of the program, including the necessary guidelines and procedures governing applications for funding assistance under the program.

To be eligible for grant assistance, a private shooting club or a private organization:

- (a)(i) Shall accept in its membership any person who holds or is eligible to hold a Montana hunting license and who pays club or organization membership fees;*
- (ii) May not limit the number of members;*
- (iii) May charge a membership fee not greater than the per-member share of the club's or organization's reasonable cost of provision of services, including establishment, improvement, and maintenance of shooting facilities and other membership services; and*
- (iv) Shall offer members occasional guest privileges at no cost to the member or invited guest and shall make a reasonable effort to hold a public sight-in day each September, when the general public may use the shooting range for a day-use fee or at no cost; or*
- (b) Shall admit the general public for a reasonable day-use fee.*

5. Need for the Action(s):

Currently, there are no wheelchair-accessible latrines at the Pistol or Rifle Ranges. Other than one portable restroom at the Pistol Bay, the nearest public restroom facility is located at the Roundup City park, well over a mile away. Also, the portable restroom is not wheelchair accessible, which is very inconvenient for our disabled shooters. Most of our shooting events last several hours, which causes them to refrain from hydrating during the matches. The RSA seeks to improve the handicap-accessibility of the RSA Shooting Range. The proposed project will contribute to the long-term convenience, safety, and usefulness of the facility for the all club members, the local community, and the general public.

6. Objectives for the Action(s):

The goal of the proposed project on the RSA Shooting Range is to improve the comfort and handicap-accessibility of the RSA Shooting Range by installing two wheelchair-accessible latrines, one at the Pistol Range and one at the Rifle Range.

7. Project Size: estimate the number of acres that would be directly affected:

The proposed project would involve less than one-quarter acre of the 45-acre RSA Shooting Range.

8. Affected Environment (A brief description of the affected area of the proposed project):

The RSA Shooting Range is located on 45 acres of private land deeded to the Roundup Sportsmen's Association, Inc. The property is not located within a floodplain and there are no permanent surface waters or wetlands on the property. The range offers shooting opportunities for rifle, pistol, shotgun, archery, cowboy action, long-range rifle, and black powder.

9. Description of Project:

The proposed project involves the installation of two vault latrines at the Rifle and Pistol Ranges. The price listed below does not include costs for excavation, site preparation, backfill, and taxes.

1.	Two Standard "Aspen" Vault Latrines	\$ 26,300
2.	Delivery to the RSA Shooting Range	<u>\$ 2,880</u>
1.	Total Project Budget	\$ 29,180
2.	Total Funding Requested from FWP	\$ 14,590

10. List any Other Local, State, or Federal Agency that has Overlapping or Additional Jurisdiction:
None

Permits, Licenses and/or Authorizations:

<u>Agency Name</u>	<u>Permit</u>	<u>Date Filed/#</u>
N/A		

Funding:

<u>Agency Name</u>	<u>Funding Amount</u>
Montana Fish, Wildlife & Parks	\$14,590

11. Affiliations, Cooperating Agencies, User Groups and/or Supporting Groups:

The RSA Shooting Range is a non-profit private range with an annual membership fee of \$40. The range is open to visitors for a day-use fee and at no charge during organized matches and public sight-in days. Members are welcome to bring guests at no charge. Several organizations use the range each year, including: Smoke and Hope Shooters, USPSA, Steel Challenge Shooting Association, 4-H Shooting Sports, FWP Hunter Education, Musselshell County Sheriff's Department, Roundup Sportsmen's Association, Bull Mountain Drifters, and NRA. In addition, the RSA hosts over 20 events at the shooting range each year, including various shooting and gun safety classes.

12. History of the Planning and Scoping Process, and Any Public Involvement:

Because the RSA is a nonprofit private shooting club for members, there has been no public involvement in the planning process. Proposed range development proposals have been discussed with the club members and the associated project vendors and contractors.

13. List of Agencies Consulted/Contacted During Preparation of the EA:

Montana Fish, Wildlife & Parks

14. Names, Address, and Phone Number of Project Sponsor:

Sharon Eliasson, 58 Camp 3 Road, Roundup, MT 59072. (406) 323-1655.

15. Other Pertinent Information:

The RSA Shooting Range is a private, nonprofit shooting range. The closest shooting range providing similar shooting opportunities is located in Billings, Montana over 55 miles from the RSA Shooting Range.

Shooting range applications require the participating governing body to approve by resolution its submission of applications for shooting range-funding assistance. Resolution Date: March 22, 2016.

PART II. IDENTIFICATION OF THE PREFERRED ALTERNATIVES

Alternative A, the Proposed Alternative, and Alternative B, the No Action Alternative, were considered.

- **Alternative A (Proposed Alternative)** is as described in Part I, paragraph 9 (Description of Project): to install two vault latrines at the RSA Shooting Range. There are beneficial consequences to acceptance of the **Proposed Alternative**.
- **Alternative B (No Action Alternative)** Montana Fish, Wildlife and Parks Shooting Range Development Grant money would be denied and the area will remain as an active shooting range without the proposed improvements. The no action alternative would have no significant negative environmental or potentially negative consequences. The range will continue on with present

conditions. Land use would remain the same.

Description and analysis of reasonable alternatives (including the no action alternative) to the proposed action whenever alternatives are reasonably available and prudent to consider and a discussion of how the alternatives would be implemented: Only the proposed alternative and the no action alternative were considered. There were no other alternatives that were deemed reasonably available, nor prudent. Neither the proposed alternative nor the no action alternative would have significant negative environmental or potentially negative consequences.

Describe any Alternatives considered and eliminated from Detailed Study:

None. Only the proposed alternative and the no action alternative were considered. There was no other alternative that were deemed reasonably available, or prudent. Neither the **Proposed Alternative** nor the **No Action Alternative** would have significant negative environmental or potentially negative consequences.

List and explain proposed mitigating measures (stipulations): None

PART III. ENVIRONMENTAL REVIEW

Abbreviated Checklist – The degree and intensity determines extent of Environmental Review. An abbreviated checklist may be used for those projects that are not complex, controversial, or are not in environmentally sensitive areas.

Table 1. Potential impact on physical environment.

Will the proposed action result in potential impacts to:	Unknown	Potentially Significant	Minor	None	Can Be Mitigated	Comments Below
1. Unique, endangered, fragile, or limited environmental resources				X		
2. Terrestrial or aquatic life and/or habitats				X		#2
3. Introduction of new species into an area				X		
4. Vegetation cover, quantity & quality				X		#4
5. Water quality, quantity & distribution (surface or groundwater)				X		#5
6. Existing water right or reservation				X		
7. Geology & soil quality, stability & moisture				X		#7
8. Air quality or objectionable odors				X		#8
9. Historical & archaeological sites				X		#9
10. Demands on environmental resources				X		

Will the proposed action result in potential impacts to:	Unknown	Potentially Significant	Minor	None	Can Be Mitigated	Comments Below
of land, water, air & energy						
11. Aesthetics				X		#11

2. & 5. There are no delineated wetlands and no natural water sources within the area proposed for development. No critical wildlife habitat would be affected. Any resident or transient wildlife may temporarily leave the immediate area during construction of the proposed project.

4. The installation of the latrines will not change the overall abundance and diversity of plant species within the area. The proposed project occupies a very small portion of the property. Due to prior land use, native vegetation has been disturbed in the area of the proposed project. Therefore, the proposed project will have a minor impact on native vegetation in the area.

7. The proposed project will cause limited displacement of soils but the developments will not substantially effect geological features or establish new erosion patterns. Soil disruption for this site is localized. Erosion control measures will be in effect and disturbed area will be reseeded.

8. Minor and temporary dust and vehicle emissions would be created by construction equipment during construction. However, the construction time is short and human effects will be limited due to the sparse population near the property.

9. This project uses no federal funds nor does it take place on state owned or controlled property; therefore, the Federal 106 Regulations and the State Antiques Act do not apply.

11. The property is already used as a shooting range so the proposed project will have no additional impact on the aesthetics of the property.

Table 2. Potential impacts on human environment.

Will the proposed action result in potential impacts to:	Unknown	Potentially Significant	Minor	None	Can Be Mitigated	Comments Below
1. Social structures and cultural diversity				X		
2. Changes in existing public benefits provided by wildlife populations and/or habitat				X		
3. Local and state tax base and tax revenue				X		
4. Agricultural production				X		
5. Human health				X		#5

6. Quantity & distribution of community & personal income				X		
7. Access to & quality of recreational activities				X		#7
8. Locally adopted environmental plans & goals (ordinances)				X		
9. Distribution & density of population and housing				X		
10. Demands for government services				X		
11. Industrial and/or commercial activity				X		

5. The proposed projects would improve the safety and comfort for members and the public using the range.

7. The proposed developments will increase shooting opportunities within the community.

PART IV. NARRATIVE EVALUATION AND COMMENT

All of the pertinent or potential impacts of the project have been reviewed, discussed, and analyzed. The project reviewed was not complex, controversial, or located in an environmentally sensitive area. The project being implemented is already on an existing range or altered areas that together with the insignificant environmental effects of the proposed action, indicates that this should be considered the final version of the environmental assessment. There are no significant environmental or economic impacts associated with the proposed alternative.

The RSA's Proposed Alternative, to install two vault latrines, is supported by its members and the public. Therefore, Montana Fish, Wildlife and Parks should approve the Proposed Alternative (A) for the improvements as outlined in Part I, Paragraph 9.

PART V. ENVIRONMENTAL CONSEQUENCES

Does the proposed action involve potential risks or adverse effects, which are uncertain but extremely harmful if they were to occur? No

Does the proposed action have impacts that are individually minor, but cumulatively significant or potentially significant? Individually, the proposed actions have minor impacts. However, it was determined that there are no significant or potentially significant cumulatively impacts. Cumulative impacts have been assessed considering any incremental impact of the proposed action when they are combined with other past, present, and reasonably foreseeable future actions, and no significant impacts or substantially controversial issues were found. There are no extreme hazards created with this project and there are no conflicts with the substantive requirements of any local, state, or federal law, regulation, standard or formal plan.

Recommendation and justification concerning preparation of EIS:

There are no significant environmental or economic impacts associated with the proposed alternative; therefore, an EIS is not required.

PART VI. EA CONCLUSION SECTION

Individuals or groups contributing to, or commenting on, this EA:

- Sharon Eliasson, 58 Camp 3 Road, Roundup, MT 59072. (406) 323-1655.
- MT Fish Wildlife and Parks

EA prepared by:

Andrea Darling, Darling Natural Resource Consulting, Montana City, MT 59634

Date Completed:

April 30, 2016

Describe public involvement, if any:

This draft EA will be advertised on FWP's web site and through a legal ad in the *Billings Gazette*, *Billings, MT* announcing a public comment period. A press release will also announce the project and comment period.
